## Titanic

1. Name all the ways that lives could have been saved on *RMS Titanic*
  - If the wireless operator had sent louder distress calls.
  - If the captain slowed down when he learned there were icebergs.
  - If they had more lifejackets.
  - If they had more lifeboats.
  - If a nearby boat heard their distress call.
  - If the orchestra had played more quietly, so people could hear the alarm.

2. Do you remember other ways mentioned in the podcast that this disaster could have been avoided? Do you have any ideas of your own?
