

United Nations: Peace, Progress, and People

1. Why was the United Nations created after World War II?

2. What is the United Nations Charter, and why is it important?

3. What are some of the important issues discussed during the General Assembly?

4. The UN is all about unity and peace. Design your own flag for the UN that represents these values.

5. What is one criticism of the UN Security Council?

6. Why do you think smaller countries are given the same voice as larger countries in the UN General Assembly? Do you think this is fair? Explain why or why not.

7. Pick one of the Sustainable Development Goals (like ending poverty or protecting the environment). Write three ways the UN could work to solve this issue by 2030.

Goal:

8. Research and mark a map showing some locations where different UN organisations (like UNICEF, UNESCO, and the World Health Organisation) are working to help people today. Label the locations and what they're doing there.
